

CLUBLINK CORPORATION

July 21, 2004

To Whom It May Concern,

RE: DARRELL HUXHAM

Please accept this note as a reference letter towards Cooke, Huxham International and specifically to showcase Darrell Huxham. Darrell was the lead architect for three of our new golf development projects, namely:

- Le Maitre Golf Club, Ville de Mont-Tremblant, Quebec
- Club de Golf Fontainebleau, Blainville, Quebec
- Talon Golf Course being part of the Greyhawk Golf Club, Cumberland, Ontario

In particular, Darrell's strengths were at the design stage allowing us to best utilize the land. His ability to execute the project, not only exceeded expectations architecturally, as well, met our budget and achieved schedule. In our view, these strengths have vaulted Darrell as an innovator in our industry.

Darrell will continue to work with ClubLink in the future as our programs develop.

Should you require further information, please do not hesitate to contact me at (905) 841-5365.

Yours truly,

Jim Molenhuis
Senior VP, Golf Development and Turf Operations
